

SEPCO Inspection Video Library

User Guide

Prepared by: Soga Asia Technologies Inc.

System Overview

The inspection video library is a web-based application that is used for storage and viewing of digital videos taken during inspection campaigns. The system allows users to browse through and play videos in the library.

Each video file in the library includes information that describes the contents of the video along with other meta data such as inspection date, inspection type and equipment reference.

The Inspection Video Library can be accessed via the following link:

<http://www.ivideolib.com>

SEPCo - Inspection Video Library

Application Main Screen

The screenshot displays the SEPCo - IVL (Inspection Video Library) application interface. The browser address bar shows `ivideolib.com/#`. The application header includes the SEPCo logo, the title "SEPCo - IVL (Inspection Video Library)", and navigation links for "Home", "About", and "Help". A release version "1.0-2017.01.19.1330" is noted in the top right. Below the header, a breadcrumb trail reads "Location: Shell Upstream Americas Deepwater -> UA/D Gulf of Mexico -> Auger -> Mars", and a "Welcome: User!" message is present.

The main content area is divided into three sections:

- Asset Tree (Left):** A hierarchical list of assets under "Shell Upstream Americas Deepwater". The "UA/D Gulf of Mexico" folder is expanded, showing sub-items like "Auger", "Boxer", "Brazos", "Brutus", "Bullwinkle", "Cognac", "Cougar", "Enchilada", "Fairway", "Gasmer Test Facility", "MP-252", "Mars", "Nakika", "Olympus", "Perdido", "Ram Powell", "Ursa", "West Delta 143", "Yellowhammer", and "UA/D Brazil".
- Thumbnail View (Center):** A grid of video thumbnails. The first thumbnail is titled "EA9 XT Inspection" and shows a submersible. The second thumbnail is titled "Gas bubbles emanating from casing, forming hydrates" and shows a close-up of a casing.
- Video Player Window (Right):** A large video player showing a submersible. The player includes a progress bar (00:01 to 10:31), a volume icon, and a full-screen icon. Below the player, the title "EA9 XT Inspection" and a "Comments:" section are visible.

At the bottom of the application, there is a "Page Display Controls" section with a dropdown menu set to "Items per page 10" and navigation buttons. The footer text reads "SEPCo - Inspection Video Library".

Callouts highlight the following UI elements:

- Command Buttons:** Points to the "Home", "About", and "Help" links in the header.
- User Name Displayed:** Points to the "Welcome: User!" message in the top right.
- Thumbnail View:** Points to the grid of video thumbnails in the center.
- Asset Tree:** Points to the hierarchical list of assets on the left.
- Page Display Controls:** Points to the "Items per page 10" dropdown and navigation buttons at the bottom.
- Video Player Window:** Points to the large video player on the right.

View Modes – Hide Video Player Window

The screenshot shows the SEPCo - IVL (Inspection Video Library) website. The browser address bar shows `ivideolib.com/#`. The website header includes the SEPCo logo and navigation links: Home, About, Help. The location path is: Shell Upstream Americas Deepwater -> UA/D Gulf of Mexico -> Auger -> Mars. The user is logged in as User!.

The main content area displays a list of inspection videos under the category "Shell Upstream Americas Deepwater". The list includes:

- EA9 XT Inspection (Europa) - 00:01:22.43
- Gas bubbles emanating from casing, forming hydrates (Europa) - 00:00:09.05

The video player on the right shows a video of an ROV (Remotely Operated Vehicle) with the following data:

CAGE		ROV	
THR: 426	00	DPT: 3821'	
DPT: 3682'		ALT: 25'	
HDD: 313		BTY: 3846'	
TRN: -0.0			

A yellow callout points to the video player controls, stating: "Click here to collapse/hide the Video Player Window".

View Modes – Asset Filtering

The screenshot displays the SEPCo - IVL (Inspection Video Library) web application. The browser address bar shows `ivideolib.com/#`. The application header includes the SEPCo logo, the title "SEPCo - IVL (Inspection Video Library)", and navigation links for "Home", "About", and "Help". A release version "Inspection Video Library Release 1.0-2017.01.19.1330" is noted on the right. Below the header, the "Location" path is set to "Shell Upstream Americas Deepwater -> UA/D Gulf of Mexico -> Auger -> Mars". A "Welcome: User!" message is visible. A search bar and a "Filter" button are present. On the left, a sidebar lists assets under "Shell Upstream Americas Deepwater" > "UA/D Gulf of Mexico". The "Mars" asset is highlighted with a yellow callout box labeled "Selected Asset". The main content area shows two video thumbnails: "EA9 XT Inspection" (00:01:22.43) and "Gas bubbles emanating from casing, forming hydrates" (00:00:09.09). A yellow callout box points to these thumbnails with the text "Videos filtered only for the selected asset". At the bottom right, a pagination control shows "Items per page 10" and page numbers "< 1 >". The footer reads "SEPCo - Inspection Video Library".

SEPCo - Inspection Video Library

Playing Videos

The screenshot shows the SEPCo - IVL (Inspection Video Library) website. The browser address bar shows `ivideolib.com/#`. The website header includes the Shell logo, the title "SEPCo - IVL (Inspection Video Library)", and navigation links for "Home", "About", and "Help". A location breadcrumb trail reads: "Location: Shell Upstream Americas Deepwater -> UA/D Gulf of Mexico -> Auger -> Mars". A "Welcome: User!" message is in the top right.

On the left, a sidebar lists categories under "Shell Upstream Americas Deepwater", including "UA/D Gulf of Mexico" and "UA/D Brazil". Under "UA/D Gulf of Mexico", a list of well names is shown with expandable icons: Auger, Boxer, Brazos, Brutus, Bullwinkle, Cognac, Cougar, Enchilada, Fairway, Gasmer Test Facility, M..., N..., O..., P..., Q..., R..., S..., T..., U..., V..., W..., X..., Y..., and Z... (partially visible).

The main content area displays a list of video thumbnails. The first thumbnail is titled "EA9 XT Inspection" and "Europa" with a timestamp of "00:01:22.43". The second thumbnail is titled "Gas bubbles emanating from casing, forming hydrates" and "Europa" with a timestamp of "00:00:09.05". A yellow callout bubble points to the second thumbnail with the text: "Click on a video thumbnail to select it for playing".

The video player window on the right shows the selected video. The video frame displays a red structure with the word "EUROPA" in white. A data overlay in the top right corner of the video frame provides technical details:

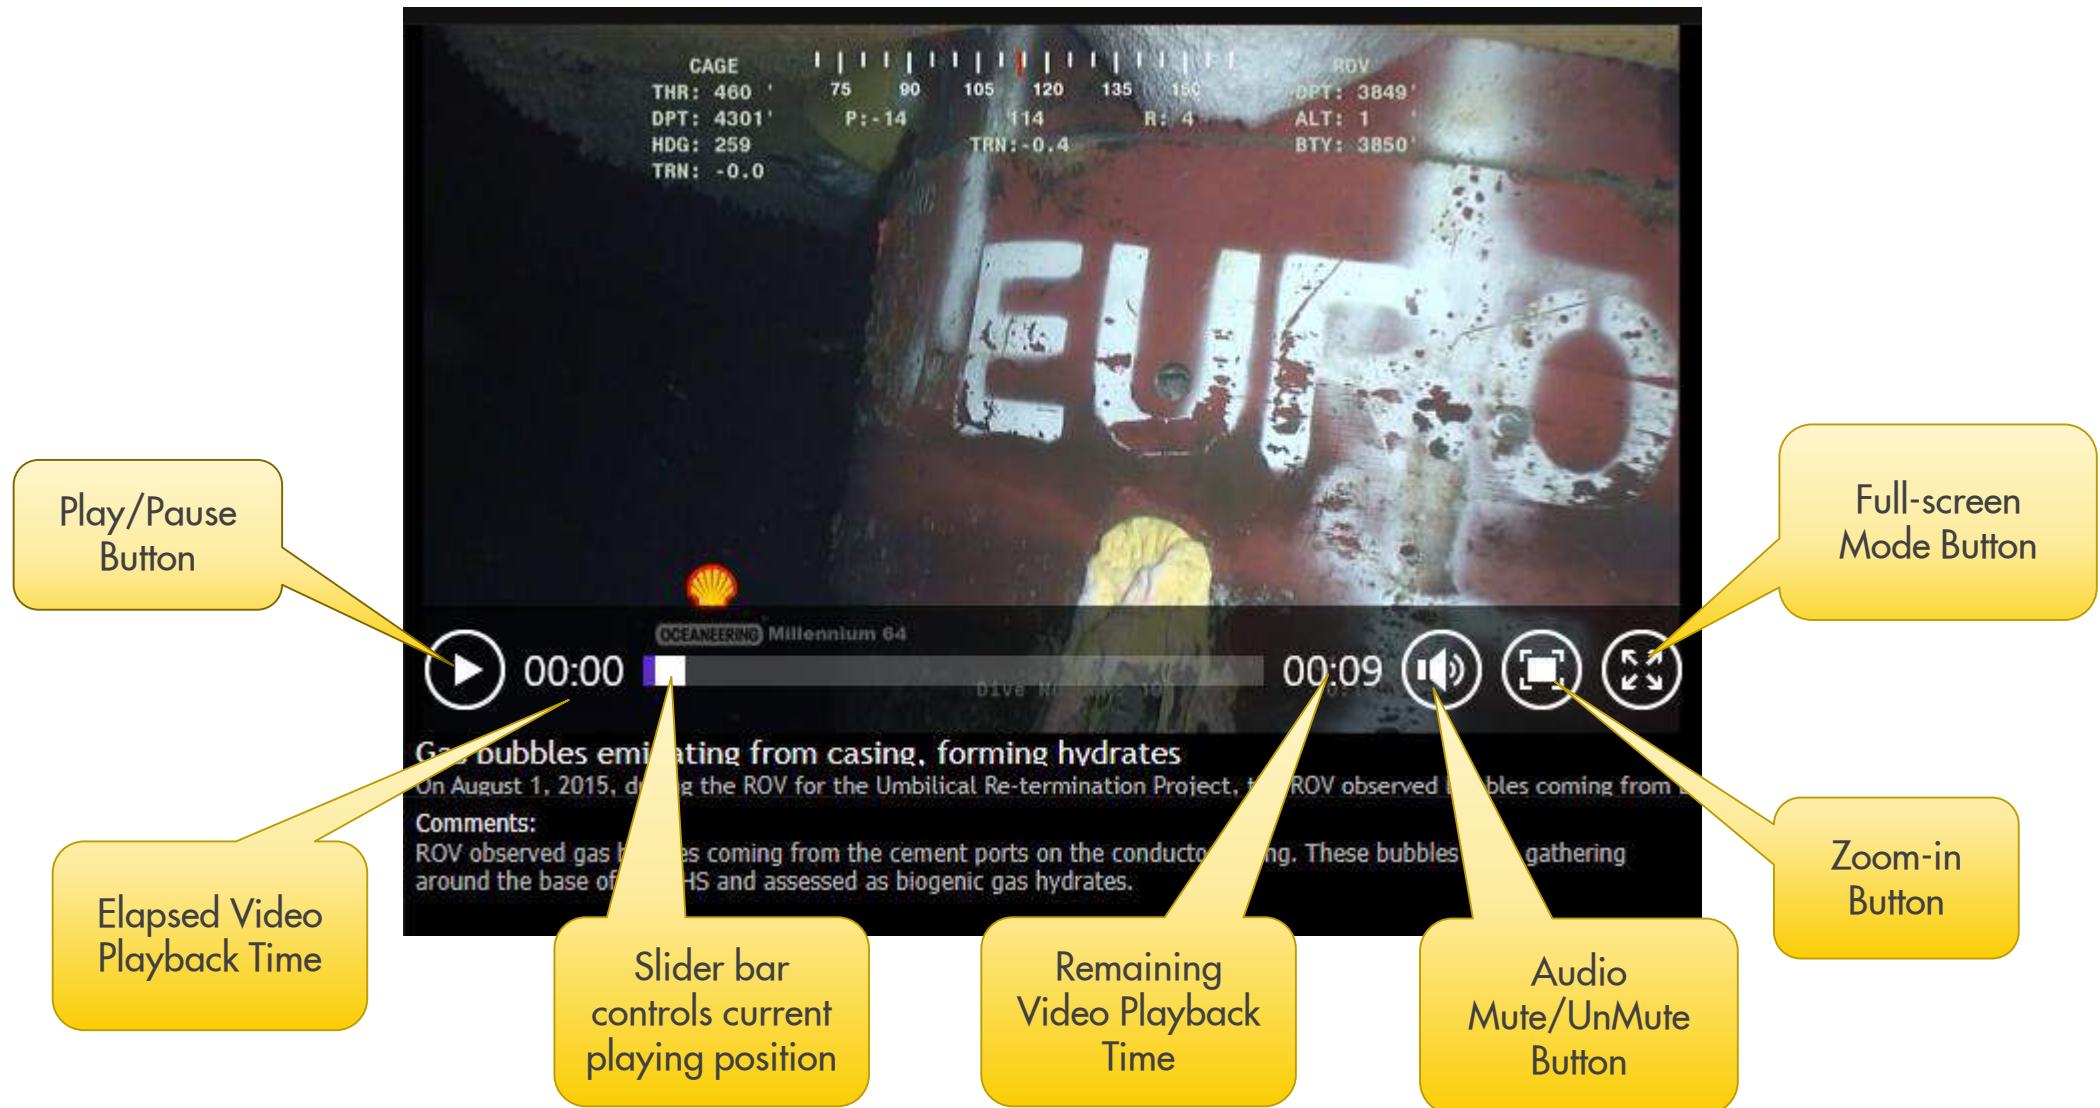

CAGE		ROV					
THR: 460'	75	90	105	120	135	150	DPT: 3849'
DPT: 4301'	P: -14		114		R: 4		ALT: 1'
HDG: 259	TRN: -0.4						BTY: 3850'
TRN: -0.0							

Below the video frame, the player controls show a play button, a progress bar at "00:00", and a duration of "00:09". A yellow callout bubble points to the video title and description with the text: "Selected video will be displayed in the player window".

The video title is "Gas bubbles emanating from casing, forming hydrates". The description reads: "On August 1, 2015, during the ROV for the Umbilical Re-termination Project, the ROV observed bubbles coming from EA...". The "Comments" section states: "ROV observed gas bubbles coming from the cement ports on the conductor casing. These bubbles were gathering around the base of the THS and assessed as biogenic gas hydrates." A yellow callout bubble points to this text with the text: "Information about the selected video displayed here".

At the bottom of the page, there is a footer with "SEPCo - Inspection Video Library" and a pagination control showing "Items per page 10" and "1" of 1 items.

SEPCo - Inspection Video Library

Filter Function

The screenshot displays the SEPCo - IVL (Inspection Video Library) web application. The browser address bar shows `ivideolib.com/#`. The page header includes the SEPCo logo, navigation links (Home, About, Help), and a release date of 1.0-2017.01.19.1330. The main content area is titled "Shell Upstream Americas Deepwater" and lists various locations with expandable icons. A "Video Filter" dialog box is open, featuring the following fields:

- Inspection Or Intervention?**: A dropdown menu currently set to "All".
- Inspection Type**: A text input field with the placeholder "Enter conatined text ...".
- Maintenance Item No.**: A text input field with the placeholder "Enter conatined text ...".
- Inspection Date (inclusive)**: A dropdown menu set to "All", followed by "From-" and "To-" date input fields.

At the bottom of the dialog box are "Apply Filter" and "Clear Filter" buttons. A yellow callout bubble points to the "Filter" button in the top right corner of the page, with the text: "Click the Filter button to display the filter dialog box". Another yellow callout bubble points to the dialog box itself, with the text: "Filter Dialog Box Displayed". The page footer shows "Items per page 10" and a pagination control.

Filter Parameters

The screenshot shows a 'Video Filter' dialog box with the following fields and callouts:

- Inspection Or Intervention?**: A pull-down menu currently showing 'All'. Callout: 'Use the pull-down list to select Inspection, Intervention or Unspecified'.
- Inspection Type**: A text input field with placeholder text 'Enter conatined text ...'. Callout: 'Type in an inspection type to filter for ... this is freetext'.
- Maintenance Item No.**: A text input field with placeholder text 'Enter conatined text ...'. Callout: 'Type in a maintenance item number to filter for ... this is freetext'.
- Inspection Date (inclusive)**: A date range selector with a pull-down menu (showing 'All'), 'From-' and 'To-' date input fields.
- Buttons**: 'Apply Filter' and 'Clear Filter' buttons at the bottom. Callouts: 'Click here to apply the defined filter' (pointing to 'Apply Filter') and 'Click here to clear the filter and reset the display' (pointing to 'Clear Filter').

Note: Filters can be combined or they can be used individually.

Filter By Dates

Note: The edit function is not allowed for "Read-Only" users.

Editing Video Information

The screenshot displays the SEPCo - IVL (Inspection Video Library) web application. The browser window shows the URL `ivideolib.com/#`. The application has a dark theme with a Shell logo and navigation tabs: Home, Manage Uploads, About, and Help. The left sidebar shows a tree view of locations, including Shell Upstream Americas Deepwater and various offshore locations like UA/D Gulf of Mexico, Auger, Boxer, Brazos, Brutus, Bullwinkle, Cognac, Cougar, Enchilada, Fairway, Gasmer Test Facility, MP-252, Mars, Nakika, Olympus, Perdido, Ram Powell, Ursa, West Delta 143, and Yellowhammer. The main content area is titled "Video Details" and contains a form for editing video information. The form fields are as follows:

Field	Value
Source File	VTS_01_1.wmv
Title *	EA9 XT Inspection
Location	Europa
Description	Enter video description here
Comment	Enter comments here
Inspection or Intervention?	Inspection
Inspection Type	Input inspection type
Maintenance Item #	Maintenance Item #
Inspection Date	07/08/2014

Below the form, there is a note: "* - Mandatory field(s)". At the bottom of the dialog box, there are "Save" and "Cancel" buttons. A yellow callout bubble points to the "Save" button with the text "Click here to save any changes". Another yellow callout bubble points to the "Cancel" button with the text "Click here to discard any changes". A third yellow callout bubble points to the "Video Details" dialog box title with the text "Video Details dialog box displayed".

Note: The edit function is not allowed for "Read-Only" users.

Available Video Information

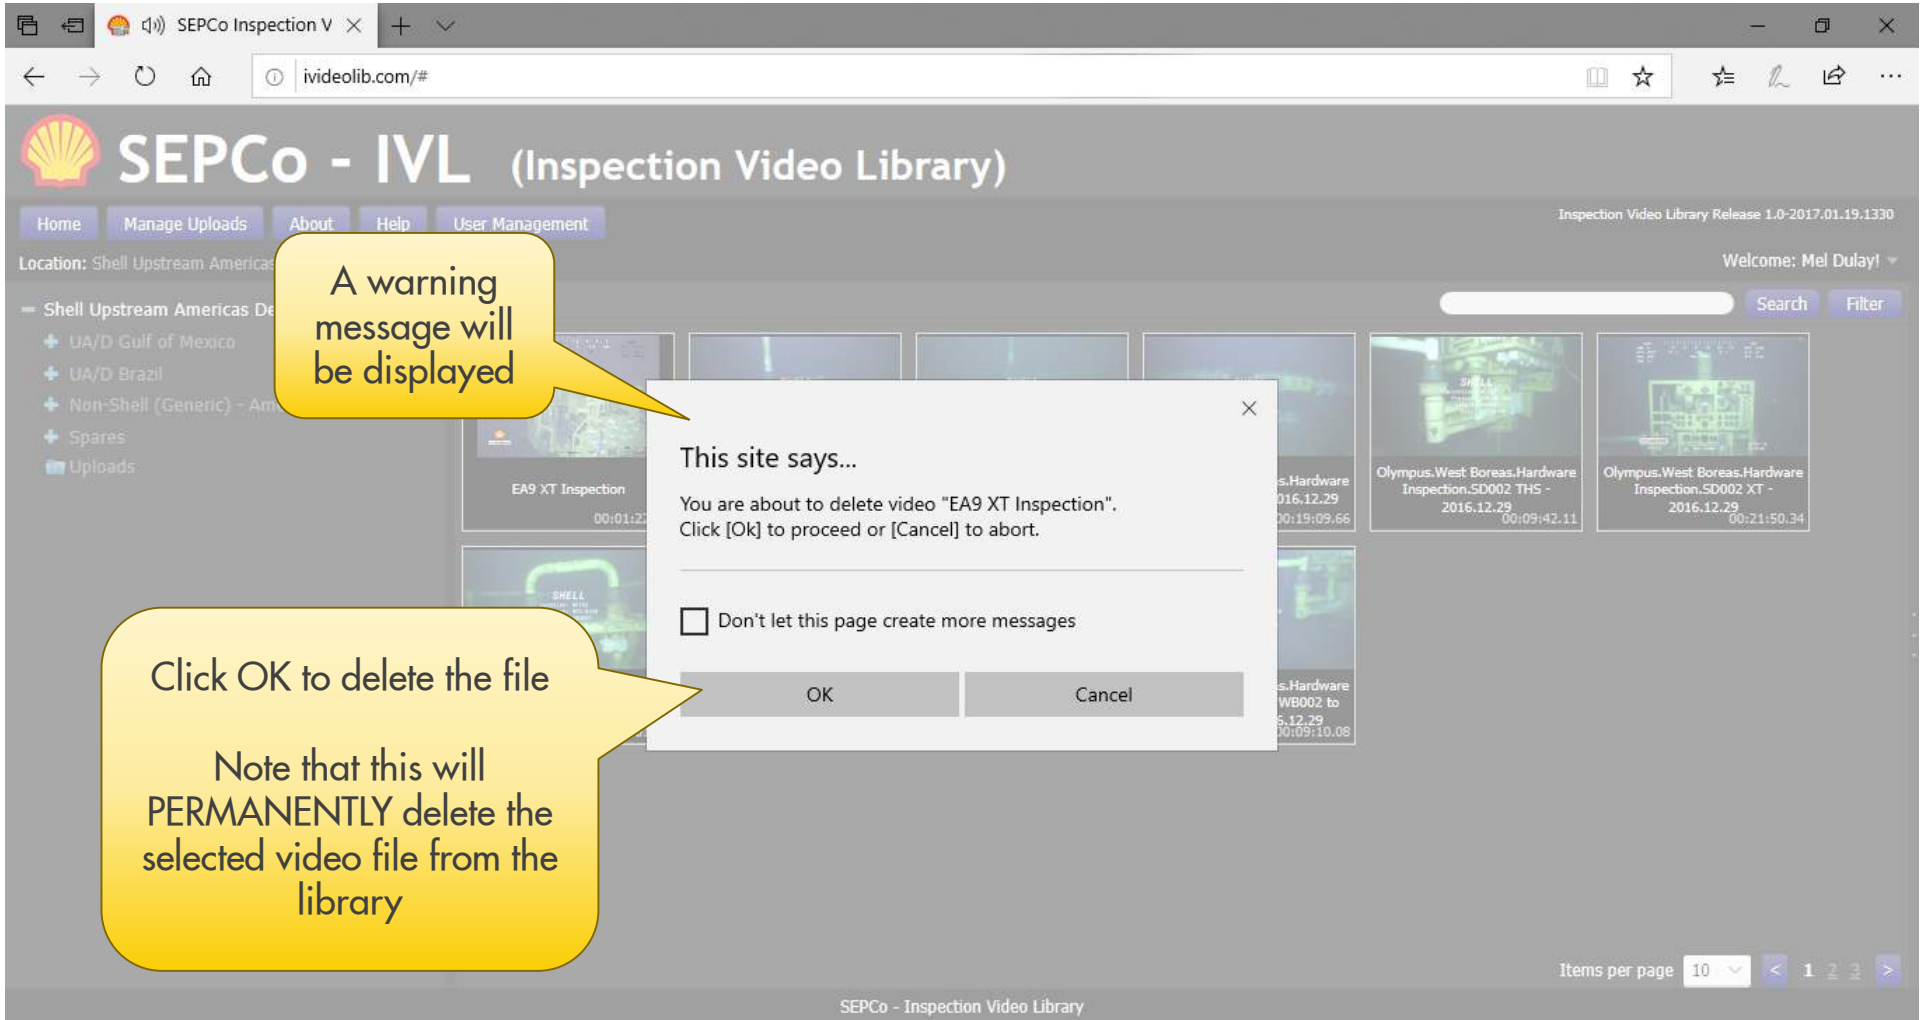

Video Info	Description
Source File	The filename of the physical video file
Title	Title for the video
Location	The location, asset or equipment where the video was taken
Description	Description of the contents of the video footage
Comment	Any comment related to the video footage
Inspection/Intervention	Defines whether the footage is an inspection video or intervention video
Inspection Type	Defines the inspection type for the campaign when the video was taken
Maintenance Item #	Maintenance item number for the asset or equipment displayed on the video footage
Inspection Date	Date when the inspection or intervention was done

Deleting a Video

The screenshot shows a web browser window with the address bar displaying `ivideolib.com/#`. The page title is "SEPCo - IVL (Inspection Video Library)". The navigation bar includes links for "Home", "Manage Uploads", "About", "Help", and "User Management". The location is set to "Shell Upstream Americas Deepwater". A sidebar on the left lists various locations under "Shell Upstream Americas Deepwater", including "UA/D Gulf of Mexico" and "UA/D Brazil". The main content area displays a grid of video thumbnails. One thumbnail, titled "EA9 XT Inspection" with a duration of "00:01:22.43", is highlighted with a yellow border. A yellow dashed line connects this thumbnail to a larger, magnified view of the same video. In the magnified view, a red 'X' icon is visible in the bottom right corner of the video frame. A yellow callout bubble points to this icon with the text: "Click here to delete the selected video from the library". The bottom of the page shows "Items per page" set to 10 and pagination controls.

Note: The delete function is not allowed for "Read-Only" users.

Deleting a Video

Note: The delete function is not allowed for "Read-Only" users.

Adding a New Video

The screenshot shows a web browser window with the address bar displaying "ivideolib.com/#". The page title is "SEPCo - IVL (Inspection Video Library)". The navigation bar includes links for "Home", "Manage Uploads", "About", and "Help". The "Manage Uploads" button is highlighted with a yellow callout bubble that says "Click the Manage Uploads button".

Below the navigation bar, there is a sidebar on the left with a list of locations, including "Stream Americas Deepwater", "Gulf of Mexico", "Brazil", and "Shell (Generic) - Americas". The main content area displays the "Manage Uploads" interface, which includes a progress bar at 0% and a table for "Ongoing Uploads (User)". The table has columns for "Filename", "Size (bytes)", "Location", "Status", and "Actions". The table is currently empty, with a message "No file in the queue for uploading ..." displayed below it. A yellow callout bubble points to the table area, stating "The uploads screen will be displayed".

At the bottom of the page, it says "Showing 0 to 0 of 0 entries" and "SEPCo - Inspection Video Library".

Adding a New Video

The image shows a screenshot of the SEPCo - IVL (Inspection Video Library) website and a Windows File Explorer window. The website interface includes a navigation bar with 'Home', 'Manage Uploads', 'About', and 'Help' buttons. The main content area displays a sidebar with a tree view of locations, including 'Shell Upstream Americas Deepwater' and its sub-locations. A yellow callout bubble points to the 'Select File(s) to Upload' button, with the text 'Click Select File(s) to Upload'. Another yellow callout bubble points to the 'onemin_avi.avi' file in the File Explorer, with the text 'Click the file(s) to Upload'. A third yellow callout bubble points to the 'Open' button in the File Explorer, with the text 'Click Open to proceed'. The File Explorer window shows the path 'Windows10 (C:) > Apps > IVLTestVideos > MP4' and contains several video files, including 'onemin_avi.avi', 'onemin_flv.flv', 'onemin_mp4.mp4', and 'onemin_swf.swf'. The 'File name' field at the bottom of the File Explorer shows 'onemin_avi.avi'.

Adding a New Video

The screenshot shows the SEPCo - IVL (Inspection Video Library) web application. The browser address bar shows `ivideolib.com/#`. The application has a dark theme with a Shell logo and navigation tabs: Home, Manage Uploads, About, and Help. The current location is 'Shell Upstream Americas Deepwater'. A sidebar on the left lists locations: UA/D Gulf of Mexico, UA/D Brazil, Non-Shell (Generic) - Americas, Spares, and Uploads. The main content area displays the 'Video Details' dialog box, which is a form for adding a new video. The form fields are as follows:

Field	Value
Source File	onemin_avi.avi
Title *	onemin_avi
Location	Shell Upstream Americas Deepwater
Description	Sample video. Sample video for uploading.
Comment	
Inspection or Intervention?	Inspection
Inspection Type	ROV
Maintenance Item #	165387
Inspection Date	03/12/2019

At the bottom of the dialog box, there are 'Save' and 'Cancel' buttons. A yellow callout bubble points to the 'Save' button with the text: 'Click the Save button to proceed'. Another yellow callout bubble points to the form fields with the text: 'Use this dialog box to input the information about the video file'. The status bar at the bottom of the application shows 'Showing 1 to 1 of 1 entries' and 'SEPCo - Inspection Video Library'.

Adding a New Video

The screenshot shows the SEPCo - IVL (Inspection Video Library) web interface. The browser address bar shows `ivideolib.com/#`. The page header includes the SEPCo logo and the title "SEPCo - IVL (Inspection Video Library)". Navigation links include "Home", "Manage Uploads", "About", and "Help". The current location is "Shell Upstream Americas Deepwater".

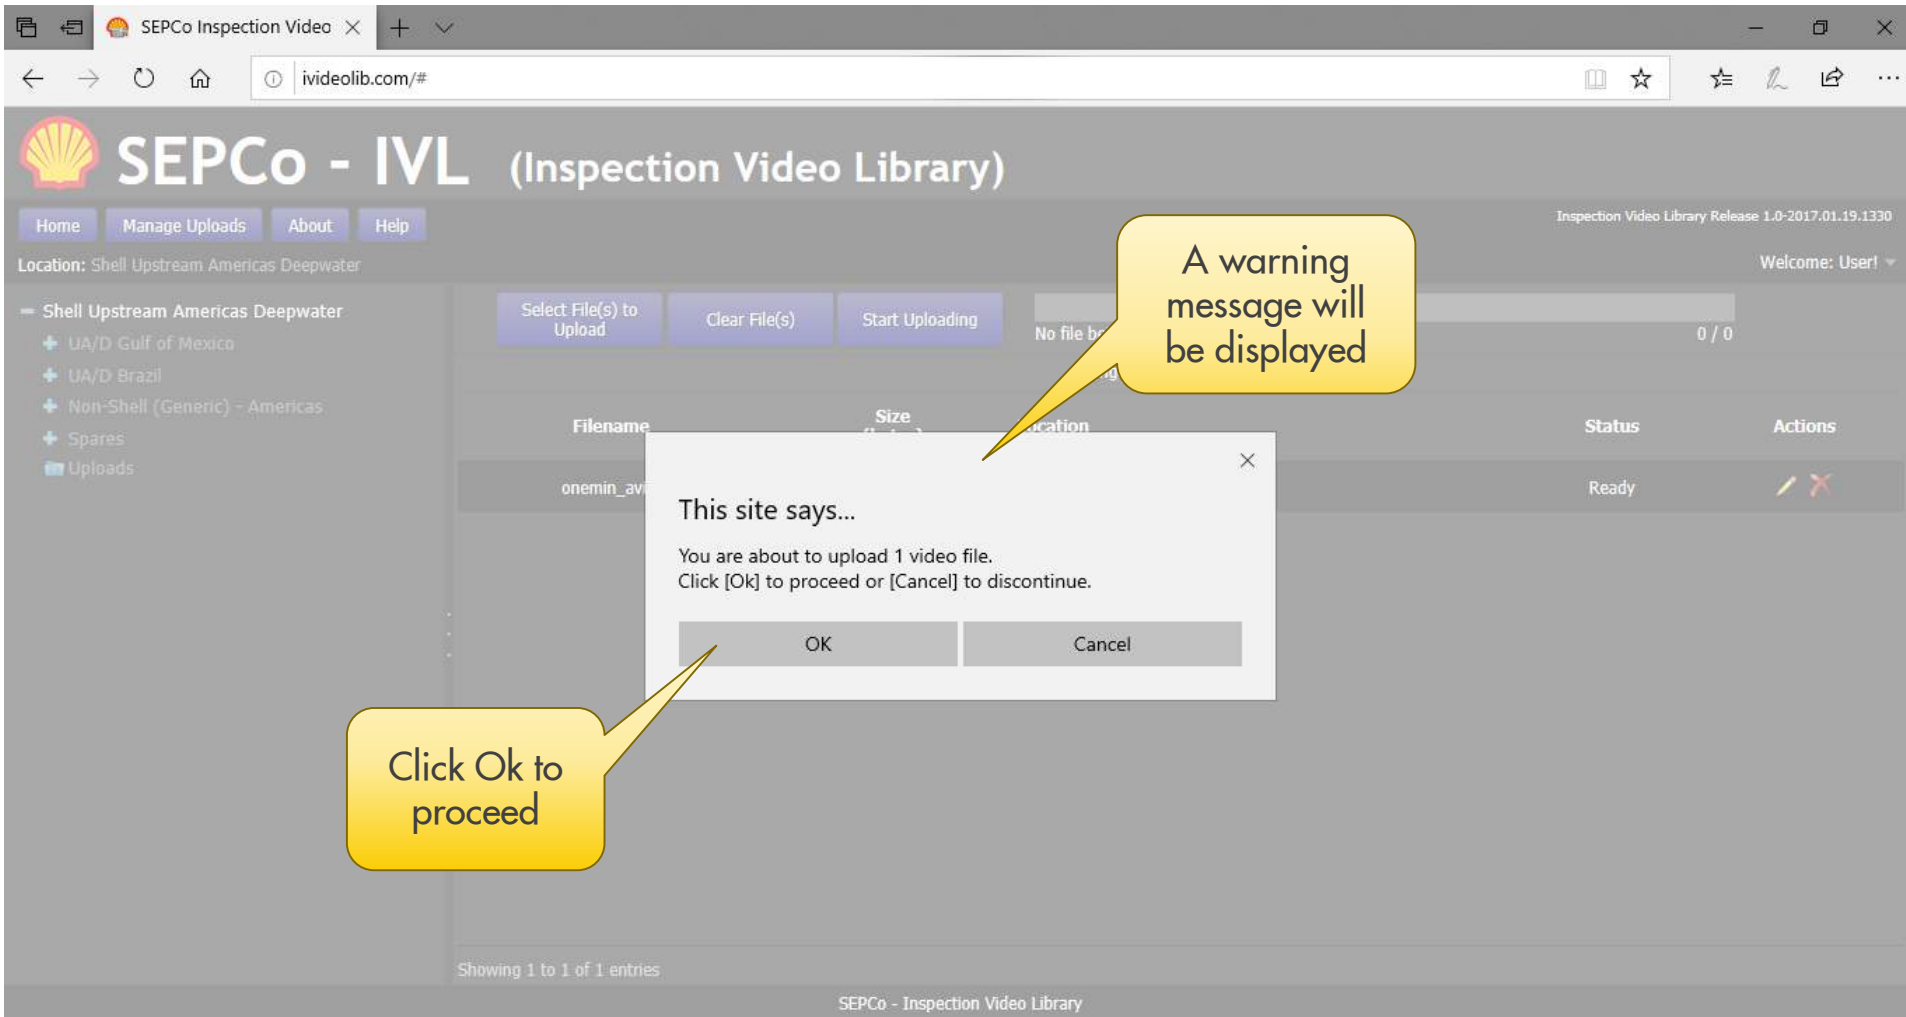

On the left sidebar, under "Shell Upstream Americas Deepwater", there are links for "UA/D Gulf of Mexico", "UA/D Brazil", "Non-Shell (Generic) - Americas", "Spares", and "Uploads".

The main content area features a "Start Uploading" button, which is highlighted by a yellow callout bubble with the text "Click the Start Uploading Button". Other buttons include "Select File(s) to Upload" and "Clear File(s)". A progress bar shows "0 %" and the text "No file being uploaded.....". Below this, a table titled "Ongoing Uploads (User)" displays the following data:

Filename	Size (bytes)	Location	Status	Actions
onemin_avi.avi	35994812	Shell Upstream Americas Deepwater	Ready	 

At the bottom of the table, it says "Showing 1 to 1 of 1 entries". The footer of the page reads "SEPCo - Inspection Video Library".

Adding a New Video

Adding a New Video

The screenshot shows the SEPCo - IVL (Inspection Video Library) web interface. The browser address bar shows `ivideolib.com/#`. The page header includes the SEPCo logo and the text "SEPCo - IVL (Inspection Video Library)". Below the header, there are navigation buttons: "Home", "Manage Uploads", "About", and "Help". The "Manage Uploads" button is active. The page displays the current location: "Shell Upstream Americas Deepwater".

On the left sidebar, there is a tree view showing the following locations:

- Shell Upstream Americas Deepwater
 - UA/D Gulf of Mexico
 - UA/D Brazil
 - Non-Shell (Generic) - Americas
 - Spares
 - Uploads

The main content area shows a progress bar for the file `onemin_avi.avi`. The progress bar is blue and indicates 82.7% completion. Below the progress bar, the text "29753 of 35995" is displayed. The progress bar is labeled "Progress bar shows percentage complete".

Below the progress bar, there is a table titled "Ongoing Uploads (User)". The table has the following columns: "Filename", "Size (bytes)", "Location", "Status", and "Actions".

Filename	Size (bytes)	Location	Status	Actions
onemin_avi.avi	35994812	Shell Upstream Americas Deepwater	Uploading	

The table shows one entry with the status "Uploading". A callout points to the "Uploading" status, stating "The file will begin uploading".

At the bottom of the page, it says "Showing 1 to 1 of 1 entries" and "SEPCo - Inspection Video Library".

Adding a New Video

The screenshot displays the SEPCo - IVL (Inspection Video Library) web application. The browser address bar shows `ivideolib.com/#`. The page header includes the SEPCo logo and navigation links: Home, Manage Uploads, About, and Help. A sidebar on the left lists locations: Shell Upstream Americas Deepwater, UA/D Gulf of Mexico, UA/D Brazil, Non-Shell (Generic) - Americas, Spares, and Uploads. The main content area shows the current location as 'Shell Upstream Americas Deepwater' and a progress bar at 0.0%. Below the progress bar, a table titled 'Ongoing Uploads (User)' lists the upload status of files. The table has columns for Filename, Size (bytes), Location, Status, and Actions. One entry is shown: 'onemin_avi.avi' with a size of 35994812 bytes, located at 'Shell Upstream Americas Deepwater', and a status of 'Complete'. A yellow callout bubble points to the 'Complete' status, stating 'Indicates file upload is completed'. Another yellow callout bubble points to the 'Home' link in the navigation bar, stating 'Click Home to go back to the video browser'. The footer of the page indicates 'Showing 1 to 1 of 1 entries' and 'SEPCo - Inspection Video Library'.
